

CONSENTIA
RAW DATA. REFINED RESULTS.

DIGITAL MAILROOM

More than just mail, we help manage document workflows end-to-end.

Replace manual mail and document handling with a secure, automated digital process. Physical mail and documents are received, digitized, and delivered electronically so your team gets the information they need without even touching paper.

HOW IT WORKS

WHAT YOU GAIN

Time Saved & Reduce Labour

Eliminate manual sorting, scanning and distribution to focus on higher-value work.

Faster Decisions

Documents are delivered instantly—no waiting for mail to arrive, be opened, or be forwarded

Better Visibility & Control

Know where documents are, who has them, and what stage they're in

Support For Remote & Hybrid Teams

Secure access to documents from anywhere, without shipping or scanning delays

Improved Accuracy & Compliance

Reduce human error with automated data capture and consistent workflows

Lower Costs & More Free Space

Reduce paper handling, storage and physical file rooms

What Types of Documents?

- Incoming mail and correspondence
- Invoices and bills
- Cheques and payment documents
- Contracts and forms
- Applications and records
- Internal and external business documents
- Plus many more...
