We turn recorded audio and video into precise, readable text you can confidently use and reference.

CONSENTIA
RAW DATA. REFINED RESULTS.

OUR APPROACH

Audited Manual Transcription

Every transcription is completed by trained professionals and fully audited to ensure accuracy and clarity.

Flexible Transcription Styles

Choose clean verbatim to focus on dialogue, or true verbatim to capture every spoken detail and non-verbal sound.

Secure File Handling

Audio files and completed transcripts are transferred and delivered through secure, confidential channels, ensuring sensitive information remains protected.

Built for Legal Confidence

Records are prepared in a way that supports legal use, making it easier to reference, review, and present information when required.

Made with Accuracy

With a keen ear for detail, we guarantee 99% accuracy with our work and provide multiple timestamp options.

WHAT YOU'LL GET

Clear, Accurate Text

Unclear or hard-to-hear audio is converted into precise, audited transcripts you can rely on.

Simple Language Conversion

Spoken conversation are turned into written text that's easier to review, translate, and reference.

Easy Navigation

Searchable transcripts let you find what you need quickly, no time codes or repeated listening.
